

**Twy Bethard, BS**

Administrative Coordinator

Ms. Bethard joined Hollis Associates after over a decade working in a variety of support and management positions.

Her current work with Hollis Associates involves coordination of administrative activities, working with clients and buyers on documentation, confidentiality agreements, research and outreach activities.

Prior to joining the firm she worked as a manager at DatapointLabs in Ithaca, NY, and in other positions involving research and data analysis at institutions and at Cornell University.

Twy's academic background includes a Bachelor of Science degree in Statistics from Cornell University in Ithaca, NY. She has also co-authored and published several peer-reviewed papers related to her research work.

Among her activities are service as a board member or active volunteer in a variety of community, educational and charitable organizations. Twy also enjoys playing traditional string band music and is involved in a number of musical groups in the area.
